TO ALL: A big RaPower3 welcome to all our new RaPower3 Team Members.

First, we continue to forge ahead with great progress. Attached are the new Rams for the Dual Axis Tracking System. This newer bigger model should be better than ever.

Second, we have made some nice updates on our rapower3.com website like the history section and for a great video clip click "t" for Tumblr. The video shows our powerful saw cutting four big pipes at the same time. We have tried to make the selling of the lenses easier to understand. When you click START YOUR OWN BUSINESS, you will see the following:  
SOLAR THERMAL LENSES-Price \$3,500

Due Immediately: \$105 - Pay by check within 15 days  
Deferred: \$945 - Due when tax refunds/savings realized

We Finance the rest:

Company financed: \$2,450 (70%)  
Term of financing: 35 years  
Simple Interest: 1%  
Annual Payment: \$82\*

\*YOU DON'T MAKE THE PAYMENTS!  
LTB, LLC MAKES THEM FOR YOU!

Third, we are conducting more tours and different kinds of tours-including our MEGA TOUR on June 27th. You can always click TOURS on the rapower3 website for more info. The next tour is this Thursday. Call me at 801-699-2284 if you'd like to go.

Fourth, many of you have already filed your taxes and your returns are coming in. This means you will need to write us a check to pay off your solar lenses. Please log-in the BACK OFFICE LOGIN area to check your account. You will need your USER NAME and PASSWORD. Mail your check to RaPower3 to the address below.

Remember, Rental Fees and Bonuses will only be paid on the number of solar lenses you have actually paid for.

Regards, Greg
