Hi Kerry,

My name is Rick Jameson. I have been doing RA Power 3 returns for about 5 years now. I also have been helping several RA3 individuals referred to me to help with amended returns, audits and appeals.

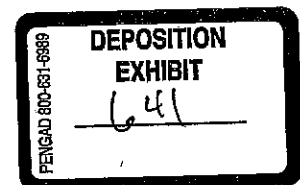

Based on your question I think we need to talk. You are not in the energy business, You are in the business of renting tangible personal property the lenses. They are not towers but lenses.

If you could email me your phone number and a good time to call I will try and call you to review your questions.

My phone number is 435-559-9225.

Thanks Rick
