1640 WASHINGTON ST #4  
SAN FRANCISCO, CA 94109

Dear LINDSAY,

This notification is to confirm that your solar lenses have been placed in service, for those that the 30% down has been paid in full. LTB LLC has utilized solar energy from your panels for the purpose of assisting LAS in research and development for both agricultural and municipal solar thermal waste heat reclamation and multiple non-serial array concentrated photovoltaic receiver circuitry, among other applications such as refinement of gearless dual-axis hydraulic tracking mechanisms and quick-release panel stabilizers and connections, which qualify as commercial use of solar energy.

This letter is regarding the "Alternative Energy Systems" that you purchased from RaPower3 LLC. RaPower3 put into service your equipment.

*(However for your personal information, Section 103 Div. B Energy Credit (code Sec.48), "For projects whose construction time is expected to equal or exceed two years, the Credit may be claimed as is placed in service.")*

We appreciate your business and look forward to the opportunity to work with you to help solve our Nation's energy needs. If you have any questions you may correspond with us at the below address.

Respectfully Yours,

Neldon Johnson  
Manager of RaPower3
