Manager – Forensics and Investigations

Lamar Roulhac Jr.
Curriculum Vitae

Summary

Lamar Roulhac has 13 years of combined experience in computer forensics, electronic discovery, litigation support, and counter-espionage investigations. **Mr. Roulhac** has provided complex Forensics Examinations, scientific imaging, archiving, and restoring of seized evidence over a multitude of medias for the purpose of legal processing.

Mr. Roulhac brings extensive forensic experience to the Innovative Discovery, LLC ("ID") team. His broad range of knowledge and excellent leadership skills ensure top of the line management of the Digital Forensics team. His ability to streamline the collection process while keeping the client up to date on their cases ensures the client's demands are met no matter how large or small the project may be.

Before joining ID, **Mr. Roulhac** conducted and observed depositions for various top legal firms and government organizations. During this time, he effectively communicated the verbal and written results of analysis to Attorneys, Special Agents and Management regarding case findings. His knowledge and expertise in forensic analysis and trial support resulted in successful rulings in numerous cases.

In addition to his impressive background in forensic analysis, **Mr. Roulhac** has expert knowledge of digital medias. He has presented evidence using Macintosh, Linux, & MS Windows Operating Systems, and conducted detailed technical analysis and scrutiny using ILOOK, AccessData (Forensic Toolkit) and EnCase image and analysis tools.

Mr. Roulhac is an AccessData Certified Examiner (ACE).
